FingerLakes
POWER SYSTEMS
SOLAR - GENERATORS - ELECTRICAL

ABOUT OUR HOST: Finger Lakes Power Systems

Finger Lakes Power Systems provides installation and service for solar arrays, battery energy storage systems, and automatic standby generators throughout the Finger Lakes, Southern Tier, Rochester, and Syracuse regions. Based in Penn Yan, the team specializes in both ground- and roof-mounted solar systems, with off-grid system design and installation among their specialties.

With well over a decade of specialized experience in generators, solar, and electrical systems, Finger Lakes Power Systems delivers turnkey solutions for residential, commercial, and agricultural customers. Their certified installation and service technicians prioritize safety, code compliance, manufacturer standards, and exceptional customer service, whether installing a new system, servicing an existing one, or helping clients upgrade.

Join us to learn more about Finger Lakes Power Systems and meet the team.
